19.1 The Public Sector is the principal actor in macro socio-economic policy making infrastructure and an architect of an enabling environment for national development. Public Sector management covers such aspects of management as productivity management, and management of human, financial and other resources.

~~CHAPTER 19 PUBLIC SECTOR~~

Where To Download Managing The Public

~~MANAGEMENT INTRODUCTION~~

Public management entails dealing with and/ or controlling the needs and interests of 'the whole', which is in many cases the nation. Private management involves managing the narrower needs of an individual or group.
