...

The Basic Accounting Equation financial accounting is based upon the accounting equation. $Assets = Liabilities + Owners' Equity$ This is a mathematical equation which must balance. If assets total \$300 and liabilities total \$200, then owners' equity must be \$100. The Basic Accounting Equation The balance sheet is an expanded expression of the

A particularly long and/or deep recession. While there is no technical definition of a depression, conventionally it is defined as a period featuring severe declines in productivity and investment and particularly high unemployment. During the Great Depression, for example, GDP in the United States dropped 12% between 1929 and 1930 and a further 16% the following year.
