Portable Air Conditioners | TCL

TCL offers a variety of air conditioners to help you beat the heat

Access Free Tcl Air Conditioner Error Codes

even if you are without a central cooling system.

Air Conditioners | TCL

When you see an E1 error code on your air conditioner, it generally denotes a problem with the controls--but the specific meaning depends on the brand. In many cases, the code is a reminder to replace the air filter, and you can clear it by cleaning the filter or doing a reset, which usually involves little more than unplugging the unit and plugging it back in.

How to Fix an Air Conditioner When It Gives You an E1 Code

The window air conditioning unit is equipped with a 24-hour timer (set in ½ hour increments) for on/off functionality. Sleep Mode Automatically adjusts the temperature and fan speed to make the room more comfortable during the night.
