The Creative City: A Toolkit for Urban Innovators ----
Charles Landry is an international authority on the future of cities and the creative use of culture in urban revitalization. In 1978, he founded Comedia, which seeks to rethink the major global issues for cities. He is author of *The Art of City-Making* (2006) and co-author of *The Intercultural City* (2007).

The Creative City: A Toolkit for Urban Innovators: Landry ----
The Creative City is a clarion call for imaginative action in developing and running urban life. It shows how to think, plan and act creatively in addressing urban issues, with remarkable examples of innovation and regeneration from around the world. This revised edition of Charles Landry's highly influential text has been updated with a new, extensive overview.

The Creative City: A Toolkit for Urban Innovators ----
Together we organised The Creative City workshop in Glasgow in May 1994 as a first step in a long-term project of research and practical initiatives which explore the creative potential of cities worldwide. Comedia's work on the Creative City is continuing with a number of partners. There is now an annual four day Creative City workshop at

Charles Landry and Franco Bianchini
2. To offer a 'mental toolkit' that provides readers with the cornerstones of a new mindset and so stimulate readers' own ideas and solutions for their city. To engender a critical debate amongst decision-makers at different levels and to influence the policy, strategies and actions undertaken in cities. 3.

The Creative City: A Toolkit for Urban Innovators | Landry ----
A TOOLKIT FOR PRACTITIONERS The Creative City argues above all that changes in mindset can generate will, commitment and energy which allow us to look afresh at urban possibilities. A range of approaches and methods to 'think creatively', to 'plan creatively' and to 'act creatively' are described.

The Creative City: A Toolkit for Urban Innovators ----
The Creative City is a clarion call for imaginative action in developing and running urban life. It shows how to think, plan and act creatively in addressing urban issues, with remarkable examples of innovation and regeneration from around the world.

The creative city is a concept developed by Australian David Yencken in 1988 and has since become a global movement reflecting a new planning paradigm for cities. It was first described in his article 'The Creative City', published in the literary journal *Meanjin*. In this article Yencken argues that while cities must be efficient and fair, a creative city must also be one that is committed to fostering creativity among its citizens and to providing emotionally satisfying places and experiences f
