Good Argument? For many

years this was a matter
of intuition to me.

Either the reasons make
sense, or they don't.

But philosophers
respond to this question
differently. Actually,
they have many
different ways to answer
this, and one is logic.

You probably don't

An argument is a deliberate attempt to move beyond just making an assertion.

When offering an argument, you are offering a series of related statements which represent an attempt to support that assertion — to give others good reasons to believe that what you are asserting is true rather than false.
