integrating reading or writing into their content-based instruction. But such programs rarely ask teachers to examine their own instructional goals and then to consider how well various reading and writing strategies actually support those goals.

~~Reading, Writing, and Understanding~~ Educational Leadership

For many years reading and writing were (and sometimes still are) taught separately. Though the two have almost always been taught by the same person (the English/Language Arts teacher) during the Language Arts period or block, educators rarely made explicit connections between the two for their students.
